

after 45 years, repeals the racist, anti-woman Hyde Amendment to ensure that women are able to access abortion regardless of their income or where they live. The bill also provides a massive boost in funding for Title X Family Planning Services and for Teen Pregnancy Prevention Program, to ensure that these science-based, cost-effective programs continue to provide critical health and wellness services. In addition, the bill continues to increase our investments in life-saving research and public health infrastructure, including \$49 billion for the National Institutes of Health, \$10.6 billion for the Centers for Disease Control and Prevention, \$1 billion in new flexible funding to improve the public health infrastructure, \$1.8 billion for Health Centers, which includes a nearly 1000 percent increase in funding to \$50 million for school-based health centers.

The bill makes a significant investment in our crumbling infrastructure while creating new jobs and ensuring that we finally address the climate crisis. In particular, it provides \$105.7 billion to invest in transit passenger rail, airports and highways and provides \$250 million to ensure those investments also reduce our admissions, benefit communities too often left behind, and increase the climate resiliency of our infrastructure. The bill also doubles investments in passenger and freight rail and promotes safety through investments in transit state of good repair and expanded transportation safety and inspection workforce. Finally, after the House passed an amendment I offered, the bill will provide \$6 million in grants for security and maintenance at 9/11 Memorials and Museums. Taken all together, these investments will create tens of thousands of good-paying, union jobs and help our economy continue to recover and grow.

Access to housing remains a major concern in New York, and this bill will take some steps so that more New Yorkers are safely and affordably housed. The bill expands housing choice vouchers, or Section 8, to help 125,000 more individuals and families find affordable housing in their community and ensures that all 4.8 million families currently receiving housing assistance can stay in their homes. The bill also matches my request for \$600 million for the Housing Opportunities for Persons with HIV/AIDS (HOPWA), a \$170 million increase, so that New York City and other major cities do not face a massive funding cut this year. I am, however, very disappointed the bill provides just \$3.4 billion for public housing capital needs, which is not even enough to cover the massive repair backlog at NYCHA alone. As I have said many times before, the ongoing underfunding of public housing capital needs is not sustainable for NYCHA or other large public housing agencies. I am committed to working with my colleagues in the New York Delegation and across Congress to address this concern as quickly as possible.

In addition to all of these critical investments, the minibus funds eight critical community projects in my district, totaling over \$9.2 million in direct funding to NY-10. These projects include a new Parenting Center at Maimonides Medical Center in Brooklyn, elevator repairs at Harborview Terrace Housing Development, expansion of mental health and substance abuse program at the LGBT Center, and funding for the Columbia-Harlem Small Business Development Center. I am proud to be able to deliver this funding and

bring new jobs, better health outcomes, and improved financial stability back to my district.

IN RECOGNITION OF MATTHEW KOLOJEJCHICK ON HIS INDUCTION INTO THE LUZERNE COUNTY SPORTS HALL OF FAME

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 29, 2021

Mr. CARTWRIGHT. Madam Speaker, I rise today to honor former athlete and Northeastern Pennsylvania native Matthew Kolojejchick. Matthew will be inducted into the Luzerne County Sports Hall of Fame in 2021 for his distinct athletic achievements in the sports of swimming and football. He and his fellow inductees will be honored at a reception on August 8, 2021.

Each year, the Luzerne County Sports Hall of Fame honors those who have brought fame and recognition to the Commonwealth of Pennsylvania through their outstanding achievements and contributions in athletic endeavors.

In 2004, Matthew joined the Wyoming Valley West High School freshman football team as a running back and linebacker. He also joined the swim team and broke a 20-year-old school record in the 50 freestyle in his first varsity meet. At the district competition, he won gold in both the 50 and 100 freestyle, and he went on to the state competition where he competed in the consolation. After transferring to Bishop Hoban High School for his sophomore year, he stood out as a running back on the football field. In the pool for the Argents, he won two district gold medals in the 50 freestyle and the 100 breaststroke. At States, he broke the existing PIAA 100 breaststroke record but fell short in the final touch and won the silver medal. As a junior, he dominated the football field as a running back and linebacker, leading the entire Wyoming Valley Conference in rushing yards. In swimming, Matthew once again excelled at Districts, winning gold in his leading events, the 50 freestyle and the 100 breaststroke; he went on to become the state champion in the 50 freestyle.

For his senior year, Matthew transferred back to Wyoming Valley West to play football under local legend, coach George Curry. He helped lead the team to a one-loss season and to the state playoffs. In the first game of the playoff series, he rushed for seven touchdowns against the undefeated Delaware Valley. In the next game against Parkland, a team that had not been scored on in seven games, Matthew scored two touchdowns. For a second year, he led the entire conference in rushing, and he set five school records: most touchdowns in a season, most rushing yards in a season, most rushing yards in a game, most touchdowns in a game, and most 200-yard rushing games in a season.

Matthew's lifelong dream was to play Division I college football, and he chose to forgo his senior swim season to make that dream a reality. He received several 1 AA college football scholarship offers before ultimately accepting a full scholarship to the University of Rhode Island where he was red-shirted his first year. His sophomore year, Coach Butch

Davis of the University of North Carolina offered him a spot as a preferred walk-on. He made the team and played back up running back and as a special team player for kickoff and punt return/coverage. He played in two bowl games with the Tar Heels: the Music City Bowl in 2010 in a win against Tennessee and the Advocare Bowl in 2011 in a loss against Missouri.

It is an honor to recognize Matthew on his induction into the Luzerne County Sports Hall of Fame. May his story and athletic career serve as an inspiration to the next generation of Pennsylvania athletes striving for excellence.

HONORING THE LIFE OF MR. JOSEPH "JOE" "CHITO" GARCIA

HON. KATHY CASTOR

OF FLORIDA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 29, 2021

Ms. CASTOR of Florida. Madam Speaker, I rise today in honor of the life of Mr. Joseph "Joe" "Chito" Garcia.

Born in 1930 during the Great Depression, Mr. Garcia had a strong desire to help his family and his community. As a young boy he shined shoes, sold lemons and delivered newspapers around West Tampa to help support his family. He then grew up to be considered a wise, quiet, individual with a big heart and was described as "an outstanding example of an honorable man who lived his faith, his deep devotion to his family and friends."

During his childhood, Mr. Garcia joined the West Tampa Boys Club and later went on to support four local clubs by serving as president of the Boys and Girls Clubs of Tampa Bay. He worked as a lawyer and served as the Chairman of the Tampa Port Authority. During his 16 years on the Tampa Port Authority Board of Commissioners, Mr. Garcia fulfilled his goal of developing the port to become business friendly for a growing Tampa area. Driving around the Channelside area in our hometown, you can see the influence and vision Mr. Garcia had for our city. When he retired, the Port Authority named their building after him. He was also involved with the Ybor City Rotary Club and the Florida Aquarium, all which made him one of Tampa's most notable philanthropists.

Mr. Garcia's life was lined by the values of his faith and service to his country and community. He attended Jesuit High School and got a scholarship to attend Loyola University, where he worked two or three jobs at a time to help pay his way. There, he joined the Navy serving in various leadership positions and continued serving in the Navy Reserve after active duty. After the Navy, Mr. Garcia attended law school at the University of Florida.

Madam Speaker, on behalf of the citizens of Florida and my neighbors across Tampa Bay, I am proud to honor Mr. Garcia who died in the morning of May 28, 2021, two days after his 91st birthday and a lifetime of helping our Tampa community grow. Mr. Garcia made great contributions to advance the well-being of our Tampa neighbors through his integrity and leadership. We are grateful for his contributions and may his soul rest in peace.

GOLD STARS MOTHERS FAMILY MONUMENT EXTENSION ACT

SPEECH OF

HON. ANDY KIM

OF NEW JERSEY

IN THE HOUSE OF REPRESENTATIVES

Monday, July 26, 2021

Mr. KIM of New Jersey. Mr. Speaker, I rise today to speak in support of the Gold Star Mothers Family Monument Extension Act of 2021.

Since our country's entrance into World War I, the Gold Star tradition has remained a simple, yet powerful reminder of all the sacrifices made by our servicemembers and their families. The qualities that our Gold Star Families possess are the qualities that we all seek in America: courage, perseverance, strength, and above all, an unflagging determination to see the right prevail.

The passage of this bill and the ultimate completion of the Gold Star Mothers Family National Monument would be the clearest display of gratitude from the American people. The monument would embody the spirit of national service, highlight the ongoing contributions Gold Star Families contribute to our communities, and provide visitors with a space to reflect and remember loss.

This bill would not have been possible without the tireless advocacy of Judith Young, a constituent of mine from Moorestown, New Jersey. I thank Judith for her work for the commemoration of Gold Star Families through the monument and thank the House for passing this meaningful legislation.

Mr. Speaker, I commend the bipartisan work that was undertaken in the last Congress to get to this moment and the same work that was done to bring this bill to the floor.

IN RECOGNITION OF THOMAS DOMBROSKI

HON. RASHIDA TLAIB

OF MICHIGAN

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 29, 2021

Ms. TLAIB. Madam Speaker, I rise today to honor the memory of Mr. Thomas "Tom" Dombroski, a long-time resident of Detroit, who contributed actively to several community-based organizations and was especially known for his service as a member of the board of the Southwest Detroit Community Benefits Coalition and as a proud member of the Teamsters.

Tom was a tough, big-hearted person whose sense of humor and warmth belied his tenacity in the fight to protect his community in southwest Detroit. Tom was a champion of the underdog and advocated for justice on behalf of those who needed it most. Before he retired, Tom's work with the Teamsters Union prepared him for his second act in life as a community advocate for equitable development of the Gordie Howe Bridge international border crossing in Detroit. He was outspoken in the fight for clean air and good quality of life for residents who will live in the shadow of the large-scale transportation infrastructure.

I have always known Tom to be generous with his time and energy. His spirit will be sorely missed by the community he served.

Please join me as we recognize Thomas Dombroski's many contributions to the families of southwest Detroit and beyond as we give honor to his memory.

IN RECOGNITION OF JOSEPH COSTELLO ON HIS INDUCTION INTO THE LUZERNE COUNTY SPORTS HALL OF FAME

HON. MATT CARTWRIGHT

OF PENNSYLVANIA

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 29, 2021

Mr. CARTWRIGHT. Madam Speaker, I rise today to honor former athlete, coach, and Northeastern Pennsylvania native Joseph Costello. Joseph will be inducted into the Luzerne County Sports Hall of Fame in 2021 for his distinct athletic and coaching achievements in the sport of track and field. He and his fellow inductees will be honored at a reception on August 8, 2021.

Each year, the Luzerne County Sports Hall of Fame honors those who have brought fame and recognition to the Commonwealth of Pennsylvania through their outstanding achievements and contributions in athletic endeavors.

Joseph was a standout athlete in football and track and field at West Pittston High School from 1957 to 1961. He was a two-time PIAA District II champion in the shotput. Joseph continued his academic career at the University of Scranton where he earned an undergraduate degree in education and a master's degree in administration. In 1966, he began his teaching, coaching, and administrative career at Pittston Area High School.

In 1970, Joseph founded the Pittston Area track and field program, beginning his legendary coaching career. He developed and built the program on the foundation of measured and thoughtful coaching while fostering a strong feeder system which resulted in hundreds of students participating in the program under his leadership. In the late 1970s and early 1980s, the Pittston Area Patriots dominated regional track and field. Between 1980 and 1983, the team won 55 consecutive meets, four consecutive Wyoming Valley Conference (WVC) League championships, four consecutive PIAA District II championships, and four Jordan Relay titles, in addition to setting district records and winning state medals. In 1983, the Wilkes-Barre Times Leader named him the first WVC Track Coach of the Year.

Some of the impressive records set by Joseph's athletes still stand today in PIAA District II, nearly four decades later. The Pittston Area 4 x 400 relay record of 3:23.44 set in 1981 by state medalists Ed Zaleski, Al Michalec, Vince O'Boyle, and Jack Goldowski still stands, as does the District II record in the 400 of 48.74 seconds set in 1982 by state medalist Vince O'Boyle and the District II 4 x 800 relay record of 8:00.84 set in 1981 by Mike Lombardo, Jay Loughney, Joe Bannon, and Bruce Marancik. Many of Joseph's star athletes went on to have impressive collegiate careers at institutions such as East Stroudsburg University, Bucknell University, and Indiana University of Pennsylvania.

In 1983, Joseph retired from coaching to serve as the assistant principal of Pittston

Area High School, and in 1992, he was named principal, a position he held until his retirement in 1998. The effects of Joseph's coaching were felt in the years after his retirement during the 1984 and 1985 seasons as the Patriots went on to win 86 consecutive regular season WVC meets and six consecutive WVC and PIAA District II titles.

It is an honor to recognize Joseph on his induction into the Luzerne County Sports Hall of Fame. May his story and coaching career serve as an inspiration to the next generation of Pennsylvania athletes and coaches striving for excellence.

IN RECOGNITION OF MTV'S 40TH ANNIVERSARY

HON. CAROLYN B. MALONEY

OF NEW YORK

IN THE HOUSE OF REPRESENTATIVES

Thursday, July 29, 2021

Mrs. CAROLYN B. MALONEY of New York. Madam Speaker, I rise to recognize MTV, on its 40th anniversary for the cultural imprint it has left on our country and the work it continues to do as one of the world's leading global youth brands. Throughout MTV's 40 years, the brand has created reality television, expanded the creative mediums of the music industry, and inspired our nation's youth. Today, this New York-born and bred brand reaches 180 countries and 1.8 billion people around the world.

In August 1981, MTV exploded onto the airwaves with the release of the first-ever music video, "Video Killed the Radio Star" by The Buggies. Shortly after, MTV began to define popular culture and the music industry in an unprecedented manner with popular music becoming more visual and dance and clothing styles garnering a greater importance to the whole experience of music. MTV's popularity grew to such heights that in 1984 it hosted the network's first Video Music Awards—known as the VMAs—ceremony at Radio City Music Hall in the great city of New York.

In 1985, MTV began to air safe sex Public Service Announcements (PSAs), making it one of the first television networks to do so. These safe-sex initiatives continued over the years through MTV's It's Your Sex Life campaign and more, helping to educate our nation's youth on the importance of safe sex practices. MTV was a pioneer in the nascent efforts to ensure our nation's teens and young adults had the knowledge to protect themselves from sexually transmitted diseases and infections, contributing to lowering the rates of such diseases in the following decades.

Continuing its work in this type of educational programming, in February 1992, MTV launched Choose or Lose during the 1992 presidential election. The awareness campaign successfully engaged young people by demystifying the political process, encouraging registration, stressing the importance of voting, and highlighting issues of daily importance to Americans. The Choose or Lose campaign contributed to a twenty percent increase in youth turnout during the 1992 general election and remains a model for encouraging youth voter engagement.

In 1996, MTV grew Choose or Lose to include a bus that toured 80,000 miles between forty-eight states to engage even more young
